

Production & Injection Reporting Codes

Production Reporting Codes	
Well Type Code	
Non Associated Gas Withdrawal	1
Oil and Associated Gas Withdrawal	2
Gas Storage Withdrawal	3
Liquefied Petroleum Gas Storage Withdrawal	5
Water Source	9
Method of Operation (Shown as MO in OPI)	
Not Applicable	0
Flowing	1
Jack Line	2
Beam Rod Pump	3
Hydraulic Rod Pump	4
Bottom-Hole Hydraulic Pump	5
Bottom-Hole Electric Pump	6
Gas Lift	7
Other	8
Water Disposition (Shown as Disp in OPI)	
Not Applicable	0
Evaporation-Percolation	1
Evaporation (lined (sump))	2
Surface Water Body	3
Sewer System	4
Subsurface Injection	5
Other (i.e., turned over to commercial water disposal)	6
Reason Well Not on Production	
Well on production	0
Standing (incapable of production in its present condition)	1
Uncompleted	4
Abandoned or converted to another well type (DOGGR Approved)	5
Shut -In Capable of production in its present condition)	6
Other (i.e., observation well)	8
Operator Change (well transferred)	9

Injection Codes	
Well Type Code	
Gas Storage Injection	3
Pressure Maintenance (Gas Injection)	4
Liquefied Petroleum Gas Injection ((Propane, Butane, Olefin, etc.))	5
Water Disposal	6
Water Flood	7
Steam Flood	8
Air Injection	0
Cyclic Steam Injection	A
Source of Water	
Not Applicable	0
Oil or Gas Well	1
Water Source Well	2
Domestic Water System	3
Ocean	4
Industrial Waste	5
Domestic Waste	6
Other	7
Kind of Water	
Not Applicable	0
Saline	1
Fresh	2
Chemical Mixture	3
Other	4
Reason Well not Injecting	
Well Injecting	0
Standing (incapable of Injection in its present condition)	1
Uncompleted	4
Abandoned or converted to another well type (DOGGR Approved)	5
Shut-Down (capable of injection in its present condition)	6
Other	8
Operator Change (well transferred)	9
